

TAHREEM MEHMOOD

Full-Stack Developer | AI Enthusiast | IT Student
tahreemmehmood500@gmail.com • github.com/tahrimhusayn • Gujranwala, Punjab, Pakistan

OBJECTIVE

Final-year IT student at PUGC with hands-on experience in full-stack web development, AI integration, machine learning, and mobile apps. I build end-to-end — from REST APIs and database design to CNN models and LLM-powered chatbots. Seeking an internship or junior developer role to contribute from day one and grow with a strong team.

EDUCATION

BS Information Technology
Punjab University Gujranwala Campus
2022 – Present (Final Year)

- FYP: PUGC AI Smart Assistant (SaaS platform)
- Coursework: DSA, DBMS, SE, AI/ML, OOP, Web Dev

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript ES6+, Bootstrap
Backend	Node.js, Express.js, ASP.NET Core MVC
AI / ML	TensorFlow, CNN, Rasa NLP, Gemini, Groq
Mobile	Flutter, Dart
Database	SQL Server, MySQL, EF Core
Tools	Git, Docker, Postman, Jupyter
Languages	JS, Python, C#, Dart, SQL, C++

WORK I'VE SHIPPED

PUGC AI Smart Assistant (FYP) — *Node.js, Rasa NLP, Gemini, Groq, SQL Server, Docker*github.com/tahrimhusayn/pugc-smart-assistant-showcase

- Full-stack SaaS university automation platform: Rasa NLP chatbot with Gemini/Groq LLM fallback, JWT auth, and role-based access (Admin/Student)
- Challan/Application form generation, PDF export, email notifications via Nodemailer, analytics dashboard, and Docker deployment

ASL Sign Language Classifier — *Python, TensorFlow, Keras, CNN, OpenCV*github.com/tahrimhusayn/asl-sign-language-classifier

- Trained a CNN on 87,000+ ASL hand gesture images; built OpenCV preprocessing pipeline and .h5 model prediction interface

Food App — ASP.NET Core E-Commerce — *C#, ASP.NET Core MVC, EF Core, SQL Server*github.com/tahrimhusayn/food-app-aspnet-core-mvc-ecommerce-system

- Three-role platform (Admin/Seller/Customer) with ASP.NET Identity auth, cart/order workflow, product management, EF Core code-first schema

Artisan Alley — Flutter Marketplace — *Flutter, Dart*github.com/tahrimhusayn/artisan-alley-marketplace-app

- Cross-platform marketplace with category browsing, product ratings, cart management, and complete checkout flow

C# Tour Management System — *ASP.NET MVC, Entity Framework, SQL Server*github.com/tahrimhusayn/csharp-tour-management-system

- Multi-role travel booking platform (Admin/Manager/Customer) with tour CRUD, cart-based booking, and session-secured dashboards

KEY STRENGTHS

- End-to-end delivery — comfortable taking a project from idea to working product across frontend, backend, and AI layers
- Technology breadth — independently learned Flutter, ASP.NET Core, Rasa NLP, and LLM APIs across distinct projects
- Debugging mindset — experienced tracing issues across multi-layer stacks: API, database, ML model, and UI
- Documentation discipline — all projects maintained with detailed READMEs, architecture notes, and contribution breakdowns
